About Primary Energy Recycling Corporation

Primary Energy Recycling Corporation owns a majority interest in Primary Energy Recycling Holdings LLC (“PERH”). PERH, headquartered in Oak Brook, Illinois, indirectly owns and operates four recycled energy projects and a 50 percent interest in a pulverized coal facility (collectively, the “Projects”). The Projects have a combined electrical generating capacity of 283 megawatts (MW) and a combined steam generating capacity of 1,851Mlbs/hour. PERH creates value for its customers by capturing and recycling waste energy from industrial and electric generation processes and converting it into reliable and economical electricity and thermal energy for its customers’ use.
